Dear [REDACTED]

Sorry for the late message and short notice. After [REDACTED] left ENER, I have taken over the responsibility for the work on standards.

At the moment we are in the very final countdown with the ICM Strategy, planned to be adopted on 6 Feb.

Standardisation is a key topic in that context, and I was wondering whether you would have the time for a quick call tomorrow?

With your roles as co-chairs for the expert group on standards under the CCUS Forum, I have some questions I want to clarify with you.

Thanks a lot for your time.

Best,

[REDACTED]
