Dear [REDACTED]
Thanks for the reminder.
I have been down with a flu today, but hope to feel better tomorrow. I will keep you posted.
The CRCF is CLIMAs file, but I would be happy to do the part on the strategy. [REDACTED] has another commitment.

Dear [REDACTED]

This is a reminder of the invitation to speak at the ERCST event titled “**The CRCF trilogues and the Industrial Carbon Management strategy: where are we headed?**”, scheduled on **Feb 22, from 09:30 to 12:30**. We are looking forward to a successful event!

Could you let us know if you will be there, even for just the second part? We still have DG ENER on the agenda (attached).

Best,

Just to say that we are not unwilling to participate and we are happy that you want to organize an event on this important topic. But you are contacting us in the final countdown of both ICM Strategy and NZIA trilogues, so it is difficult for us to be very responsive in emails 😊

In general and in principle, we do not commit yet to external meetings or conferences before we have a better overview of what is needed to progress the implementation of the ICM Strategy. But for now, please put in DG ENER in the event, and we can figure out later who of us that can attend.

Thanks.

Hello Johanna,

Apologies for pressing you on this, but we just need an answer from your side. As said, we are more than happy to change the date of the event to accommodate your availability, but if we do, we need to communicate this asap to invited speakers and participants. Instead, if you are not available, there is no point for us to change the date, probably.

Best,

Dear [REDACTED]

We feel that committee participation is important to have a successful event, as we will talk about the strategy that will be published. To facilitate your participation, we may move the event to two weeks later, but in this case, we would need to know if you can confirm your participation, please.

Available dates from our side are:

- February 20 all day
- February 21 morning,
- February 22 all day

Please, consider this is a 3-hour long event.

Best,

[REDACTED]

Dear [REDACTED]

Thanks for reaching out.

I want to reassure you that we don't expect any delays in the strategy work. This is already progressing well and according to plan. And up until this moment, [REDACTED] has been very active shaping this 😊

For now, I will be leading the CCUS work in ENER going forward, with good help from my colleague [REDACTED] and [REDACTED] is also involved. We are looking into a more permanent solution but this can take time.

And just to add that since we are now finalizing the strategy and having NZIA dialogues, we are not able to prioritise meetings before this is done.

But hope to see you soon!

Best,

[REDACTED]

Hello [REDACTED]

I hope everything went well with going back to work!

I would like to just remind you about my email below as it is important to us to know whether there may be a delay in the publication of the strategy from the Commission as we are organizing an event on the strategy just a couple of days after the current date of

publication of the strategy (see attached agenda). We need to make a decision on our event by the end of the week, unfortunately, to let speakers re-organize.

Best,

[REDACTED]

Hello [REDACTED]

First, Happy New Year! I hope you had some nice holidays and time off.

I am writing to you as we understand that [REDACTED] is gone for a while due to the elections in Poland. So, I would like to understand how the work of the Commission will proceed while he is absent, especially the work on the strategy which is supposed to get published soon. Do you have any info on this, please?

I hope to meet you soon!
