Subject: FSR Policy Webinar Jan 17 on CCS

Dear [REDACTED],

The IOGP Europe team wishes you and your team a very happy new year!

It was good sharing the flight to Aalborg together and exchanging on the many CCS related topics already. In preparation for the subject matter webinar allow us to share key IOGP Europe views related to the ICMS and in particular on the regulation of CO2 infrastructure. You may have received the letter already via your internal channels - but just in case...

I will replace [REDACTED] (IOGP) at the FSR webinar and am looking forward to the exchange. Independent of the webinar and given your increasing involvement in the CCS dossier, we would appreciate if we could arrange a meeting here in Brussels soon to discuss our views further.

With kind regards,

[REDACTED]
