**Object: Introduction of Atlantia and request for a meeting**

Dear Commissioner Vălean,

We have not had the opportunity to meet since I was [REDACTED] of Atlantia, a global leader in the transport infrastructure management sector, and I would greatly appreciate the possibility to introduce myself in person.

Atlantia is an Italian-based company with a global footprint, and our assets (toll roads, transport terminals, airports, intelligent transport systems, smart mobility and digital payment solutions) make us a European champion focused on the development of multimodal passenger mobility.

At Atlantia, we are particularly keen on contributing towards achieving the EU ambitious political objectives in the transport, mobility and sustainability domains. Our mission is to drive the development of increasingly sustainable, safe, innovative and efficient mobility that responds to the needs of society. We are committed to do so in full alignment with EU goals and for the benefit of European competitiveness, business and citizens.

It is in this context that I would appreciate to have a discussion with you on the challenges that our industry and the EU are facing, as well as on the opportunities that digitalisation and decarbonisation will generate for the whole transport sector.

I would much appreciate the opportunity to meet with you in Brussels, but of course will be very happy to do so in Italy as well, should you plan to come to our country in the near future.

I look forward to hearing from you in due time.

Respectfully yours,

[REDACTED]

[REDACTED]

Atlantia

Adina Vălean,  
Commissioner for Transport,  
European Commission,  
Rue de la Loi 200
