Dear Helena, Lukas,

First let me congratulate the Commission for the deal secured in Montreal!

Thanks again Helena for the meeting we had with you earlier this month. It was very useful to be able to exchange about the Commission's priorities for 2023 and beyond.

As promised, I am sharing with you the briefings we prepared (with input from [REDACTED]) on the multiple benefits of nature restoration actions including on food systems' resilience. There is also one briefing focusing specifically on the funding of NRL.

I very much hope that you will find them helpful for your work and of course colleagues here remain at your entire disposal in case of questions.

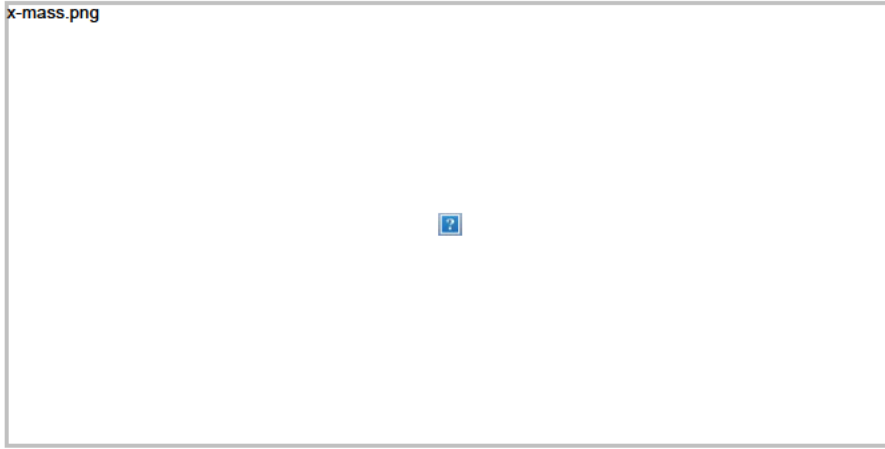

My colleague [REDACTED] will follow up directly with Lukas in the new year for a meeting on the upcoming SFS Law proposal and food security.

Last but not least let me use the opportunity of this email to inform you that [REDACTED]. I am sure that we will stay in touch [REDACTED] and in the meantime I wish you both a (well deserved) very good end of the year and Christmas with your family and friends.

Best regards,

[REDACTED]
