Dear Commissioner,

I wanted to firstly thank you also from my side for your recent meeting with Mr. Ken Hu. We hope this kind of frank exchange can continue.

I also wanted to congratulate you, as well as your entire team, for a great week with the successful rollout of several landmark drafts of digital legislation – including the new EU Cybersecurity Strategy, the NIS-2 Directive, rules to protect critical infrastructure, as well as the Digital Services Act and the Digital Markets Act which will aim to ensure Europe has the highest standards of security and trust, while preserving fair competition and demonstrating global leadership. We look forward to a next opportunity to speak with you and your team, to provide you our thoughts on these new pieces of legislation.

While awaiting such an opportunity, please allow me to send you in attachment some additional information on the topics that were discussed during your meeting with Ken Hu.

We take this opportunity to ensure you that Huawei is committed to working with you and your team to support your efforts for Europe to

play its rightful role as the standard-setter and values leader and will help with this through its experience in technology and constructive participation in the ecosystem.

While it is still quite early, I'd hereby like to already send you my very best wishes for the Christmas period and the New Year.

Best regards,

Abraham
