Subject: Thank You - AmCham EU meeting (28 April)
Date: lundi 4 mai 2020 13:06:01

Dear Mr Mes,

On behalf of AmCham EU, I would like to thank you for meeting with members of our [Digital Economy](#) (DEC) and [Transport, Energy and Climate](#) (TEC) Committees last week. We very much appreciated you taking the time to cover a wealth of topics, not only on Executive Vice-President Frans Timmermans' digital and transport related priorities, but also considering the current circumstances of the global pandemic and the EU's crisis response and economic recovery strategies.

As promised, please find our positions on **Connected and Automated Mobility** [here](#) and **Power Purchase Agreements** [here](#). Last week we also submitted a response to the **AFID inception impact assessment**, which you can find [here](#). As we continue to develop these further and other positions on key files, we would be pleased to share them with you. The TEC Committee is also currently working on a position paper on the EU Climate Law as well as the Strategy for Sustainable and Smart mobility and we would be happy to share those once they are published. Another AmCham EU committee, Agriculture and Food Committee, is also working on a position paper related to the Farm to Fork Strategy, which can be shared as well. Furthermore, collectively our DEC and TEC Committees continue to work on AmCham EU's positioning and priorities to support the European Green Deal.

For now, I would also be pleased to share AmCham EU's recently published [statement](#), which highlights that solidarity, the Single Market and international cooperation are crucial to overcoming the crisis and require further action to support the EU's response and economic recovery. Please also find a link to a section of [our COVID-19 public portal on the business response](#) to the crisis and how our member companies are doing what they can to help local communities in Europe and around the world.

In copy, please find [REDACTED] [REDACTED] of the AmCham EU [REDACTED], and [REDACTED], [REDACTED], TEC, who you spoke with last week.

We were delighted with the opportunity to virtually meet and look forward to continuing the dialogue in support of our shared goals. AmCham EU has forged our reputation on being a key source of information. Therefore, should we be of any further assistance, please do not hesitate to reach out.

Kind regards,

[REDACTED]
