## Veolia

**9/2/2022**

**Topic:** Sustainable Finance, Taxonomy

**Minutes:** Veolia outlined its support for the EU's Sustainable Finance objectives and the EU Taxonomy. They opined that waste-to-energy should be included in the Taxonomy for non-recyclable waste. They noted the difficulties in the technical screening criteria regarding combined heat and power under the complementary delegated act. Lastly they asked about the role of the taxonomy in emerging markets and for public authorities.
