Dear Anna,

Please no apology is needed, I fully understand that we are all busy and this date caught us a little by surprise.

We have passed the MoU to our legal team to review and we will revert with anything else as needed but thank you for keeping us informed from your side.

One final point, which [REDACTED] might be able to answer in your absence, is there anything that Wojciech [REDACTED] want to discuss with [REDACTED] at the MoU signing or just happy for both Commissioner to say a few words on its importance and then have a casual discussion picking up from Bermuda?

Thanks again for yours and your colleagues hard work on this.

Best regards,

Dear [REDACTED]

With my apologies for the delay, please find attached some initial proposed adjustments to the template you shared with us. Please note that, unfortunately, we have not had a chance to run this by our legal service officer and Wojciech's Cabinet might also have further points to add. If this materialises, we will let you know as soon as possible next week.

Please also know that you will be getting an out of office next week, but I will in fact be available to follow this file. Please do not hesitate to reach out via mobile/Signal, if easier.

Best regards,  
Anna

Hi Anna, [REDACTED]

I hope you had an enjoyable time in Bermuda at the GPA and that you got some time to enjoy an activity other than sitting in meeting rooms and talks.

I'm given to understand that our Commissioner's were considering a signing of the MoU between the ICO and EDPS on the 8 November in Brussels, is this your understanding also?

If this is the case we would be grateful to receive a draft of the MoU from yourselves as soon as possible so we can make sure it's all ok on our side and get it signed off by our legal department ready for the date.

Any problems or concerns please let me know.

Hi Anna, [REDACTED]

Thank you for speaking with me and [REDACTED] just now, it's always great to connect.

As discussed, I have attached our MoU template and our Collaboration Plan template. We are by no means strict to these and they are just a helpful starter/guide. If you have any ideas or styles, you'd like to adopt for the MoU between the EDPS and ICO we are very open to suggestions. Also, the Collaboration Plan is not a requirement and we don't have many of these active, but they are an additional level of detail we can include in our organisational relationship if needed.

Also below is a link to our list of MoUs (both national and international):

Our MoUs with the US FTC, Ireland and Malta are below just to give an idea of flexibility in our final agreement:

If you have any questions please feel free to ask as we would be more than happy to provide any further information. Also if it would be worth us arranging a further call in the future once you and your colleagues have had a chance to review the documents, I would be happy to book this in.
