**Subject:** NDS / Draft report of the phone call with KTzG of 4 May 2012  
 Peter,

On 4 May 2012, INFSO (CAB: Peter Power, DG: Andrea Glorioso) had a phone call with KTzG. The call was requested by the latter to give an update on recent conversations/contacts he had concerning the No Disconnect Strategy.

In [REDACTED] KTzG had a long exchange with [REDACTED] during the [REDACTED] [REDACTED] attended by Megan Richards from the DG). His impression was that [REDACTED] [REDACTED] with the European Commission on the "Internet freedom / No Disconnect Strategy" dossier and is open to the idea of having the Commission in a coordinating role within the EU. [REDACTED] also saw an added value in KTzG providing support for coordinating with the US. COM should be contacted by [REDACTED] on this matter.

In [REDACTED] KTzG had a very long meeting with [REDACTED] [REDACTED] [REDACTED] has been building extensive contacts to [REDACTED]. Apparently, until a few weeks ago he was not aware or unconvinced that the Commission was as serious and as far ahead with the NDS as we are. The [REDACTED] [REDACTED] seems to be very willing to cooperate with the European Commission. KTzG welcomed the information [REDACTED] were willing to share with him on the details of the "Internet Freedom" initiative - most of the information is not suitable to be discussed on the phone/mail and KTzG is looking for suitable ways to transmit it to us confidentially. Furthermore, KTzG asked for a "state of play" document on the NDS he could share with the [REDACTED]. To conclude, the [REDACTED] their willingness to organise a meeting in [REDACTED] or [REDACTED] in the meantime, they strongly suggested to reach out to [REDACTED] who is particularly interested in this issue.

Again in [REDACTED] KTzG had long exchanges with [REDACTED] Director of the [REDACTED]. [REDACTED] would be very keen to cooperate with the European Commission, e.g. by [REDACTED] (it appears that [REDACTED] organised a gathering with [REDACTED] focusing specifically on foreign policy and "Internet freedom").

KTzG also engaged with a number of employees from the "public policy" departments of [REDACTED] [REDACTED] and [REDACTED]. All of them seem more than happy to cooperate with the European Commission - at this point in time mostly by jointly hosting workshops, conferencers or similar.

KTzG will travel to Silicon Valley on 22-24 May (dates yet to be confirmed) and will meet

with [REDACTED] to explore possible venues of cooperation within the NDS framework.
