Subject: Letter from FACEnetwork (european farmhouse and artisan dairies) - about front of pack nutrition labelling
Attachments: 2021_06_15_LETTER to DGSANTE_FOPNL_V2.pdf

Dear [REDACTED],

As a representative association of european farmhouse and artisan cheese and dairy makers, we are working on the issue of front of pack nutrition labelling.

According to our information, in the framework of the farm to fork strategy, it is planned to make front of pack nutrition labelling mandatory, and to use the Nutriscore system as a basis.

In the letter attached, we want to draw your attention to the negative impact that this system would have for our sector and we ask for a derogation.

We thank you very much in advance for taking into account our position, and we remain at your disposal for any supplement on our request.

Looking forward for your answer.

Best regards,

[REDACTED]

Coordinator of FACEnetwork
